

## 2004 Pikes Peak Council Camp Alexander Swimmer Test Facilities List

Pikes Peak Council, Boy Scouts of America (BSA) Aquatics Committee have assembled a list of pool facilities that are in the greater Colorado Springs area that are available to Scouts to conduct the BSA Swim Classification Procedures (Swimmer Test) before arriving at Camp Alexander summer camp.

The pool facilities list is not all inclusive, but does list the pools that are deep enough (>8 ft deep) to conduct the BSA swim classification test. All outdoor pools are only open during the summer, Memorial Day to Labor Day.

The Safe Swim Defense supervisor **must** contact the facility point of contact to pre-arrange a date, time, number attending, and confirm the cost per Scout **before** showing up to the facility. The swim classification test done at a unit level should be conducted by one of the following council-approved resource people: Aquatics Instructor BSA, Cub Scouts Aquatics Supervisor, BSA Lifeguard Counselor, BSA Lifeguard, nationally recognized certified lifeguard, swimming instructor, or swim coach.

**DO NOT EXPECT THE FACILITY TO PROVIDE PERSONNEL TO CONDUCT THE SWIM CLASSIFICATION TEST.**
